Legacy documentation

Documentation for Citrix® products is deemed *legacy*, and archived, when products or components have reached their End of Life (EOL) or a low level of readership.

Document maintenance schedule

STATUS	DESCRIPTION
Current	Until the product End of Life date, product documentation is available on the Product Documentation (docs.citrix.com) site.
Legacy	After a product or component's End of Life date, the documentation is saved (typically in .pdf format) for one year. Documents that reach low readership may be deemed legacy and moved into this state early, as needed.
