

Configuring People HR

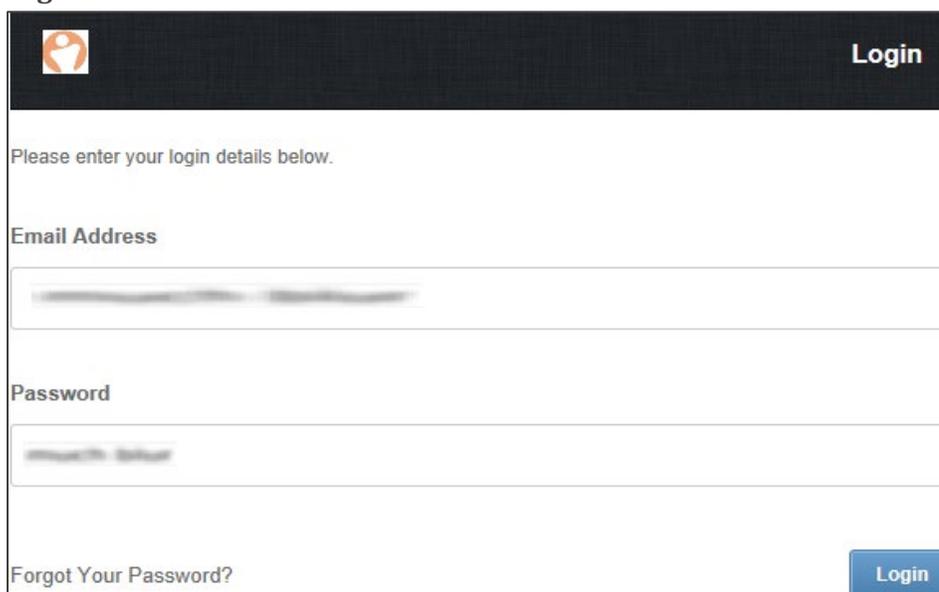

Configuring People HR for single sign-on (SSO) enables administrators to manage users of Citrix ADC. Users can securely log on to People HR by using the enterprise credentials.

Prerequisite

Browser Requirements: Internet Explorer 11 and above

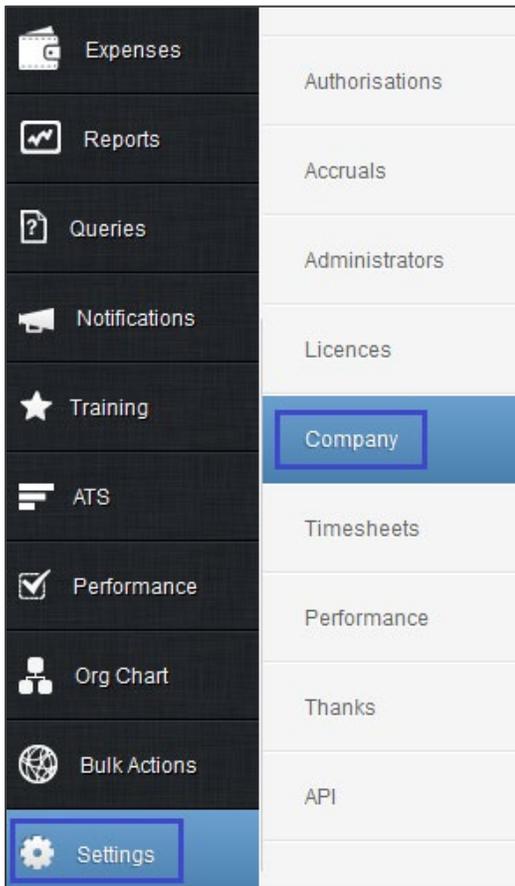

To configure People HR for SSO by using SAML:

1. In a browser, type <https://www.peoplehr.com/> and **Enter**.
2. Type your People HR admin account credentials (**Email Address** and **Password**) and click **Login**.

The screenshot shows the login interface for People HR. It features a dark navigation bar at the top with the People HR logo on the left and the word "Login" on the right. Below this bar is a white content area with the instruction "Please enter your login details below." This area contains two input fields: "Email Address" and "Password". At the bottom left of the white area is a link labeled "Forgot Your Password?". At the bottom right is a blue button labeled "Login".

3. In the left panel, navigate to **Settings > Company**.

4. In the **Upload 'Single Sign On' SAML metadata file** section, upload the metadata file.

Note: The SAML metadata is provided by Citrix and can be accessed from the link below:
