## **Configuring Skeddly**

Configuring Skeddly for single sign-on (SSO) enables administrators to manage users of Citrix ADC. Users can securely log on to Skeddly by using the enterprise credentials.

## Prerequisite

Browser Requirements: Internet Explorer 11 and above

## To configure Skeddly for SSO by using SAML:

- 1. In a browser, type <u>https://www.skeddly.com/</u> and press **Enter**.
- 2. Type your Skeddly admin account credentials (**Username** and **Password**) and click **Sign**in.
